

# PHP MOCK TEST

This section presents you various set of Mock Tests related to **PHP**. You can download these sample mock tests at your local machine and solve offline at your convenience. Every mock test is supplied with a mock test key to let you verify the final score and grade yourself.

## PHP MOCK TEST

**Q 1 - Which of the following is correct about constants?**

- A - Unlike with variables, you do not need to have a constant with a \$.
- B - Only scalar data (boolean, integer, float and string) can be contained in constants.
- C - Both of the above.
- D - None of the above.

**Q 2 - Which of the following is correct about constants vs variables in PHP?**

- A - There is no need to write a dollar sign (\$) before a constant, where as in Variable one has to write a dollar sign.
- B - Constants cannot be defined by simple assignment, they may only be defined using the define() function.
- C - Both of the above.
- D - None of the above.

**Q 3 - Which of the following is correct about constants vs variables in PHP?**

- A - Constants may be defined and accessed anywhere without regard to variable scoping rules.
- B - Once the Constants have been set, may not be redefined or undefined.
- C - Both of the above.
- D - None of the above.

A - break

B - continue

**Q 10 - Which of the following keyword causes the loop to skip the remainder of its body and immediately retest its condition prior to reiterating?**

A - break

B - continue

**Q 11 - Which of the following array represents an array with a numeric index?**

A - Numeric Array

B - Associative Array

C - Multidimensional Array

D - None of the above.

**Q 12 - Which of the following array represents an array with strings as index?**

A - Numeric Array

B - Associative Array

C - Multidimensional Array

D - None of the above.

**Q 13 - Which of the following array represents an array containing one or more arrays?**

A - Numeric Array

B - Associative Array

C - Multidimensional Array

D - None of the above.

## ANSWER SHEET

Question Number	Answer Key
1	C
2	C
3	C

4	A
5	B
6	C
7	D
8	A
9	A
10	B
11	A
12	B
13	C
